BEST CHOICE

When it comes to living well, Larksfeld is the choice for seniors 62 and older. No other organization in South Central Kansas can match the healthcare and progressive innovations that Larksfeld provides. With over thirty years of unparalleled value, a full continuum of care and a history of the highest rated and respected services, Larksfeld Place is the best choice.

OUR MISSION

As the premier retirement community of South Central Kansas, we exist to enrich the lives of discerning older adults, by providing distinctive lifestyle, health and wellness services.

We accept direct admissions into our health services neighborhoods, and welcome all your questions.

CONTINUING CARE

A LARKSFIELD PLACE ADVANTAGE

As a Continuing Care Retirement Community (CCRC) Larksfeld Place is a senior living community designed for independent adults, offering a maintenance-free lifestyle, with the promise of additional health care services should the need arise, at any stage.

PLANNING AHEAD IS KEY

Residents join our community while they are active and still able to live independently. They meet friends, join activities and settle into their home. Later, if they require additional health care, they can receive it right on the same campus from health care staff they already know.

Admission requires that applicants meet both financial and health requirements. Larksfeld Place is a not-for-profit charitable organization, and our contract provides important advantages.

THE LARKSFIELD ADVANTAGE

- 90% of the entrance fee is refundable to you or your estate in the event of your passing, or if you leave the community
- Guaranteed access to Assisted Living or Skilled Nursing for as long as you need
- Benevolent fund to assist financially struggling residents
- Consistently high healthcare ratings and staff ratios

The Gallery at Larksfeld Place hosts a variety of artwork from residents' personal collections and off-campus artists.

INDEPENDENT LIVING

At Larksfeld Place, you can continue to live your active independent life the way you choose, knowing your future health care needs are met. You are free from the burdens of traditional home ownership.

Residents live vibrant lives and participate in a wide variety of outside and indoor activities, both on campus and off.

On campus, residents can pursue their passions and enjoy any number of activities including:

- Fitness classes, with indoor pool and putting green
- Creative art classes
- Music classes and recitals
- Write a personal story with help from our “I Witness to History” program
- Educational and cultural seminars

- Walking and biking across our beautiful campus
- Themed parties, events and socials

While Larksfeld Place offers a world of sophisticated amenities and rewarding activities just outside your door, you will be pleased to discover you can choose the size of apartment home or villa, with options from 600 to 2,000 square feet.

A photograph of a cozy living room. The walls are made of light-colored stone. In the background, there is a fireplace with a stone surround and a wooden mantel. Above the fireplace is a large arched opening with a brick border and a clock face. To the left of the fireplace is a small arched doorway. In the foreground, there are four light-colored armchairs arranged around a round, white, lace-covered coffee table. On the coffee table is a green bowl filled with fruit. A television is mounted on the wall above the fireplace. A black metal bench is visible on the left side of the room. The floor is covered with a light-colored carpet.

ASSISTED LIVING,
THE WAY IT SHOULD BE

Assisted Living has its very own Tap Room and Tea Room! You will also find nooks for fitness, tinkering, technology and relaxation!

ASSISTED LIVING

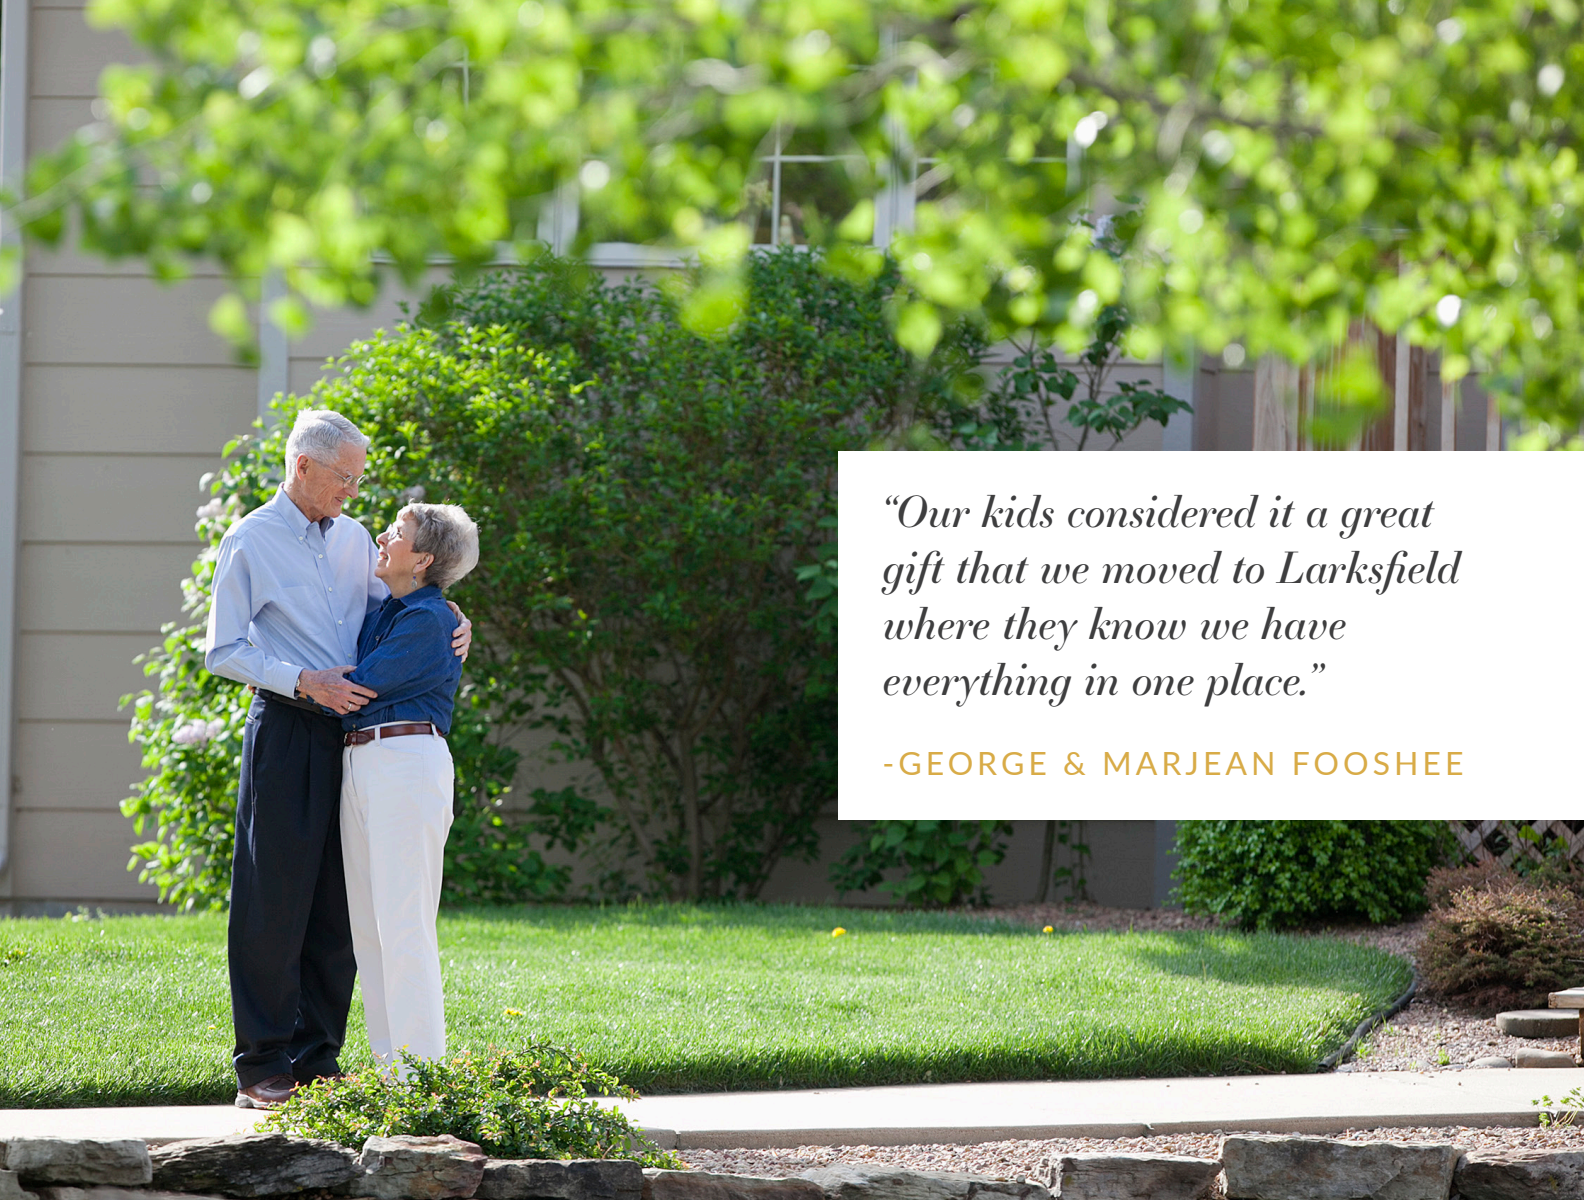

At Larksfield Place, Assisted Living provides the same services as our Independent Living, but goes beyond to provide supportive services and nursing care for those who need some assistance with activities of daily living, including the management of medications, bathing, dressing and personal care. Licensed nursing supervision, therapeutic activities, and rehabilitation are provided 24-hours a day, seven days a week.

Here, you will have access to the skilled, proactive care you need, whenever you need it. All the programs and activities we have make it feel like a real neighborhood... and that's because it is—with the gentle, attentive help that lets you enjoy it to the fullest.

Our Assisted Living community is built on the very best assisted living ideas and practices from around the country. It includes its

own Tea Room and Tap Room, a dedicated office for visiting physicians, a state-of-the-art wellness center, fine dining, massage therapy—even its own beauty salon.

Its stylish apartment homes are the most spacious in the area. It's assisted living the way it should be, and the way you want it to be.

“Our kids considered it a great gift that we moved to Larksfeld where they know we have everything in one place.”

-GEORGE & MARJEAN FOOSHEE

PREMIER SKILLED NURSING

Imagine a care environment where the caregivers truly enjoy coming to work every day. It's easy for us to imagine, because that's how it is in Skilled Nursing at Larksfield Place.

Our Medicare-certified Skilled Nursing Units provide care 24-hours a day, seven days a week by licensed nurses, for residents who require on-going monitoring, assessment and treatment. In addition, a full range of rehabilitation therapies, social services, nutritional care, pharmacy (on-site) and activities are provided. A rehabilitation gym and mock apartment is located on-site to help residents achieve goals and return to their prior level of function. Our skilled nursing team is

comprised of only highly trained, experienced professionals—with unusually high patient-to-staff ratios. Our integrated approach brings together other specialists, including occupational, physical and speech therapists, dietitians and social workers.

Also highly valued are our unique partnerships with KU School of Medicine-Wichita, Wichita State University, Wichita Area Technical College and Wesley Medical Center/Wesley Woodlawn.

The atmosphere of care throughout Skilled Nursing creates a consistently warm, homelike environment that is truly, resident focused.

These partnerships enhance the unique and innovative services only available to Larksfield residents.

Larksfield Place is one of the highest rated senior health care providers in Wichita, with consistently high ratings from the Centers for Medicare and Medicaid, and U.S. News and World Report.

REHABILITATION

Inpatient home care and outpatient rehabilitation programs at Larksfield Place will get you back to being yourself quicker.

Larksfield Place offers a full range of rehabilitation services staffed by our own licensed, certified therapists who have extensive experience working with older adults. They work closely with other members of the care-giving team so that all nursing, dining, and rehabilitative services are provided as an integrated approach with the benefit of maintaining consistency in care. Upon discharge, if it is necessary, our therapy team can follow you to your own home for continued treatment via Larksfield Home Health.

Larksfield rehabilitation consists of a complete on-site rehab gym, pool, modalities including ultrasound, e-stim, diathermy, weights, cardio equipment and private treatment areas.

When patients are admitted into outpatient programs, it indicates that the patients are doing well enough to be home, and their doctors have confidence in them completing their course of therapy through outpatient rehabilitation. Typically, a therapy session lasts from 30 minutes to an hour.

Physical Therapy assists with everything from increasing mobility after a stroke to improving muscle tone through personalized exercise

programs to prevent, identify, alleviate or compensate for neuro-musculoskeletal dysfunctions.

Occupational Therapy assists individuals with adapting to their social and physical environment through education, training, cognitive activities, utilization of adaptive techniques or equipment to overcome physical disabilities and customized exercises.

Speech-Language Therapy aids with speech recovery, language and swallowing functions as well as memory by helping to address problems with communication and swallowing dysfunction.

REHABILITATION PROGRAMS INCLUDE:

Orthopedic Rehabilitation

Neuro-Rehabilitation

outstanding ratings from
independent reviews.*

TRANSITIONAL CARE

- Transitional Care is a short stay for seniors who have been discharged from the hospital or skilled nursing care and are not quite ready to return home. This collaboration of care and services is designed to achieve quality outcomes, a positive patient experience and reduce unnecessary readmissions to the hospital. Available 24/7, allowing for less than a 30-day stay.

- Services & accommodations include: 24-hour staff, licensed nursing, physical, occupational and speech therapies as needed, medication management, private apartments with personal alert systems in case of emergencies, apartments are furnished and decorated. Chef-prepared meals available in the dining room.
- Short-term stays are subject to availability. One does not have to be a resident of Larksfeld Place to take advantage of this opportunity. Accommodations are private pay and less expensive than a home health caregiver.

Transitional Care | 24-Hours

For more information about Transitional Care, please call 316.361.2800.

Our nurses stay with Larksfeld Place because they love working with their patients.

The patient's families become the staff's extended family.

*Joint Commission
Gold Seal of Approval*

HOME HEALTH CARE

Is care at home right for you?

- New Diagnosis / Education
- Understanding Medications
- Frequent Hospitalizations
- Fall Risk / Prevention
- Infection / IV Antibiotics
- Uncontrolled Pain
- Wound Care

You have a choice, so, why not choose the best?

Patients have the right to choose the home health care provider they want. We are dedicated to help you understand all available choices for the best recovery.

When you choose Larksfield, your needs are matched with the experience of our caregivers and you don't have to be a Larksfield Place resident to benefit from our premier care!

Our Services:

- Skilled Nursing
- Physical Therapy
- Occupational Therapy
- Wound Management
- IV Infusion/Therapy
- Diabetic Teaching
- Home Health Aide
- Medical Social Work

We understand that sometimes the best healing occurs in a familiar and comfortable environment. When you need one-on-one skilled care, Larksfeld is there, at your front door.

THERAPY

Our highly trained therapy team will provide customized programs including orthopedic, neurologic (Parkinson's, MS, stroke), cardiac/pulmonary as well as addressing other general medical conditions. Physical, occupational and speech therapists will assist you in continuing to increase strength, decreasing your risk of falls and maximizing your functional independence and safety.
