LARKSFIELD PLACE

Assisted Living & Memory Support

Rooted in a vision of dignity, value, and peace of mind, Larksfield Place has grown into Wichita's premier destination for exceptional senior living. Designed exclusively for those 65 and older, our full continuum of care offers a lifestyle that is both thoughtful and financially sound.

At Larksfield Place, value goes beyond cost — it's about the reassurance of award-winning service, nationally recognized care, and a community where every detail is designed to support your well-being. Our model is built on a promise: to protect your future, ensure your peace of mind, and provide access to the region's finest facilities, highest-rated care, and most skilled, compassionate staff.

Residents in all levels of care benefit from unique, enriching experiences — including music therapy, art therapy, and personalized wellness training — all included at no additional cost.

BEST Assisted Living
BEST Memory Care

Welcome!

At Larksfield Place, our Assisted Living and Memory Support services are thoughtfully designed to enhance independence while offering the personalized support individuals may need as they navigate the natural journey of aging.

Building upon the same exceptional lifestyle offered in Independent Living, we provide additional layers of assistance tailored to each individual. Customized care plans include help with daily activities—such as medication management, bathing, dressing, and personal care—delivered with compassion, dignity, and respect.

With care available 24/7, enriching therapeutic programs, and access to award-winning rehabilitation services, every individual receives the highest quality of care — day and night.

Most importantly, all who call Larksfield Place home benefit from Wichita's highest-rated health and wellness services, offering comfort, safety, and confidence at every stage of life.

MEMORY *Support*

Larksfield Place is proud to offer the **Montessori Inspired Lifestyle®**, a compassionate and research-based approach to supporting individuals living with Alzheimer's disease and other forms of dementia. Rooted in the pioneering work of Dr. Maria Montessori and thoughtfully adapted for adults by Dr. Cameron Camp, this philosophy emphasizes dignity, independence, and meaningful engagement.

Our Memory Support residents thrive in an environment that honors their unique abilities, encouraging them to focus on their strengths rather than their limitations. Through purposefully designed spaces, rich social connections, and personalized routines, each day offers opportunities for success, choice, and joy.

Care is delivered by a dedicated team of professionals who receive specialized training in dementia care and participate in ongoing education to stay at the forefront of best practices. This deep commitment ensures a nurturing and empowering experience for every individual we serve.

At Larksfield Place, Memory Support is more than care — it's a lifestyle rooted in respect, purpose, and compassion.

Larksfield Place is the *first and only facility in Kansas* to achieve Gold Level Certification as a Montessori Inspired Lifestyle® community.

We are part of an exclusive group of credentialed senior living communities that have implemented the revolutionary Montessori-based approach to Memory Care. For more information check out larksfield.org/blog/larksfield-place-first-in-kansas/
